Considering the significance of the noble cause for the student community, we have come forward to collaborate with each other to exchange research knowledge, expertise and library resources to the process of scientific research and education in the field of Mathematics. The parties (mentioned above as 1 & 2) have had preliminary discussion in this matter and have ascertained areas of broad consensus, under a flexible linkage, and this project aims to fill the gap between knowledge demand and subject expertise related to the mentioned field.

Joint Responsibilities:

- Sharing of library facilities, databases, etc.,
- Jointly publish research articles, bulletins, etc.,
- Jointly organize seminars, workshops, symposiums, etc.,
- Jointly prepare project proposals for the national and international funding agencies.
