28/6/2019

Whereas, it has been the concern of the "first party" that the students of Biotechnology Department comprising UG, PG, M.Phil. & Ph.D is one of the competent entities in academic programs, specifically in the research area of Life Sciences.

Whereas the concern of the "Second Party" Trichy Institute of Regenerative Medicine (TIRM), Tiruchirappalli has approached us to impart vocational and skill oriented training in stem cell research to carry out the foresaid objectives of the Department of Biotechnology, J.J. College of Arts and Science (Autonomous), Pudukkottai to promote interdisciplinary research by various science and technology transfer programs.

The following agreement was made between the parties:

1. To pursue and foster, joint interdisciplinary research programs in stem cell research with focus on advancement of knowledge in human health issues through research collaborations.
2. The second party will have the roles and responsibilities listed below.
 - a. They will extend their support in conducting training programs on state of topics in stem cell research which may envisage students, research fellows and staff in their respective areas.
 - b. They will exchange information's on stem cell research, academic information, scholarly information, materials and publications.
 - c. Jointly organize modular programs like seminars, conferences, workshops on the topic of mutual interest and invite each other researchers to participate.
 - d. The memorandum also seeks joint publications in the reputed journals and all the publications will be co-authored by the concerned research fellows/staffs of the institution.
 - e. To explore various employment opportunities for students by providing skills which are vital for succeeding any employment.
3. "The First Party" will adequately support the research activities of the "Second Party" to discharge their above mentioned roles and responsibilities effectively.
4. "The second party" will be responsible for implementation and monitoring students' activities.
5. Through this memorandum of understanding, both partners affirm their commitment to carry out the activities and achieve the objectives mutually agreed upon.
6. The collaboration is for a period of 5 years (between 28th June 2019 to 27th June 2024) from the date of execution of the understanding and can be extended further after the agreed year on renewal basis of the second party.
7. Any change in the above said understanding can be done only by mutual consent of both the parties.

This agreement is to be executed in duplicate and each party shall retain a signed copy.
