

## Special Guest Lecture on Trends in Information Technology

The Departments of Information Technology of J.J. College of Arts and Science (Autonomous), Sivapuram, Pudukkottai organized Guest Lecture Programme on "Trends in Information Technology" on 26.11.2021.

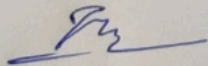

**Dr. B. Srinivasan**, Assistant Professor, Department. Computer Science, Khadir Mohideen College, Adirampattinam gave the special lecture on the next generation of internet across the globe

The speaker, first, delivered the general overview of the session and then explained about the recent trends in Internet Process. Then explain about expectations of the company rather from subjects studied in course, recruitment tips, how to choose the area of interest concepts.

The speaker finally discussed about so many online tests and tools which are readily available for learning certified courses and motivated students to pick up any one tool and learn. The speaker motivated students to take up internships during semester holidays and learn the current trends in IT field.

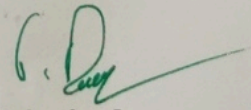

**Dr. R.Manimaran**, Head, Department of Information Technology, presided over the programme, making necessary arrangements to the same.

**Miss. Prithika**, I M.Sc. Information Technology welcomed the gathering.  
**Miss. Keerthana**, I B.Sc. Information Technology proposed the vote of thanks

## National Webinar on Block Chain & It's Applications

The Departments of Information Technology of J.J. College of Arts and Science (Autonomous), Sivapuram, Pudukkottai organized Webinar on **Block Chain & It's Applications on 26.07.2020.**

Chief Guest of the day Dr. S.Santhoshkumar, Assistant Professor, Alagappa University. He focused on Block chain and It's Applications. He said Mathematics and Statistics fundamentals are important for Big Data. Dr.S.Santhoshkumar spoke about the topics Python programming language, Data Science, Big Data and Data Analytics. He enlightened the students on Python language its significance and benefits.

He said Data Science is concerned about scientific methods to retrieve the knowledge in several forms. As Data Science makes use of automated methods to interpret bulk data it can used everywhere like for mobile sensors, high energy physics and humanities. Further research will see tremendous growth in various disciplines and can transform every aspect in the society.

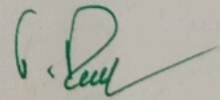

Mr. R.Manimaran, Head, Department of Information Technology, presided over the programme, making necessary arrangements to the same.

Ms.R. Sumithra, from II M.Sc. Information Technology welcomed the gathering. Ms. Swetha, I M.Sc. Information Technology proposed the vote of thanks.
