PG and Research Department of Biotechnology
Report for experimental learning

As part of the experimental learning programme, PG and Research Department of Biotechnology conducted a special practical training programme for I and II UG students on 20.10. 2021. The purpose of this programme was to enhance the technical skill of students in genetic engineering tools. 20 students from first and second year students attended this programme. Ms Priyadharshini, Assistant Professor demonstrated and gave hands-on-training on Agarose Gel Electrophoresis and Ms C Sumathi, Assistant Professor taught the students about Isolation of plasmid DNA from bacterial cell and reviewed the results of their experiments.

Head of the Department

Dr. G. MANIGANDAN, Ph.D., SET, NET
Head, Department of Biotechnology
