***One day science exhibition for school Students***

Date: 17.03.2022

Place: Department of Chemistry,

J.J College of Arts and Science (Autonomous)

Time: 10:15am to 2:45pm

***SCIENCE EXHIBITION***

Students of I PG and III PG Chemistry took an initiative to conducting science exhibition for school students. As the various experiments like acid base titration, adulteration on food, changing phases in matters, importance of chemical reactions suggest it useful to students from 6<sup>th</sup> standard to 9<sup>th</sup> standard. The main goal of this exhibition is to help students gaining of knowledge about chemistry in addition to create the innovative thoughts about chemistry
