Online Education

1. Does all programs/courses were completed on time.	Yes
--	-----

2. Measures taken to complete the syllabus of courses and programs.		On response to government guidelines, the College had to oscillate between online and offline modes of instruction. All efforts were taken to ensure that the syllabi of courses and programs were completed as usual. The Courses were, by and large, completed during the first long spell of online instruction the faculty posted E-Lessons and explanatory lectures through Whats App and Google Meet. The students were instructed to copy down the study material provided in their note books, so that the android phones they used to access the classes did not get overloaded. The google classes were interactive. They could also get their doubts clarified through mails and chats. So our online classes were as good as offline face to face instruction. When we opened offline classes, our teachers revised the E-contents and provided additional inputs that could lead to active library and internet reference by the learners. The tests and assignments were also offline and online alternately. Each course was assigned to one or two teachers who had to work in co-ordination to complete the syllabus. The HoD and the Principal could join any session to fulfill their supervisory role. The practice helped younger teachers who got advice on aspects like pacing, difficulty level and teaching and testing exercises. So the syllabi were fully covered through far sighted planning and assiduous effort. The department heads ensured that all the courses were completed with thoroughness. In fact we were ready to hold offline final examinations in the last week of December 2021 or the first week of January 2022. But Government instructions on revision classes were issued just then. So we had to go through the revision process once again. The classroom interaction showed that the teaching has gone home. The Students were exam –ready. But the omicron wave and consequent restrictions have forced us to go for online examinations for all semesters except the final one. The final semester examinations are to be held offline on the receipt of government instructions. So we can boldly claim that our students have received excellent instruction in the Academic Year of 2021 – 2022. The session was prolonged and we took extra care to see that it did not become tedious repetition. In fact we have provided an enriched educative experience through a judicious combination of online and offline instruction, team-teaching, micro teaching and properly planned revision tests and assignments. The practical for students of science were carefully completed during the offline sessions. So our learners have not lost anything during the pandemic. Infact they got extra exposure.	
3. The period of delay in completion of syllabus (in months).		0	
4. The period of delay in conducting exams (in months).		0
